

A complex geometric diagram of a triangle with various construction lines and points. The diagram includes a large triangle with a smaller triangle inside it. Several lines are drawn in different colors: red, blue, and green. Some lines are solid, while others are dashed. There are several points marked with small dots in the same colors as the lines. The diagram is set against a background of a grid of thin gray lines. The text "Größen im Dreieck" is overlaid on the diagram in a large, black, serif font.
